Welcome to Bellevue College! We’re glad you chose us.
If you have previous college credits (no matter how old) and are new to Bellevue College this is for you. If you attended Bellevue College a few years before this may help you too.
Degrees and Certificate Programs

• At Bellevue College you have educational options:
  ▪ University Transfer Associate Degree
  ▪ Professional/Technical Associate Degrees or Certificates
  ▪ Bachelor’s Degrees

• Let’s take a closer look at each type:
Transfer Degrees are for students who intend to seek a bachelor’s degree after attending Bellevue College. The degrees are:

- **Associate in Arts and Sciences - DTA**
- **Associate in Math Education – DTA/MRP**
- **Associate in Business – DTA/MRP**
- **Associate in Science Track I**
  (Biological, Environmental, Chemistry, Earth Sciences)
- **Associate in Science Track II**
  (Physics, Atmospheric Sciences, Engineering)
- **MRP Engineering Options:**
  Bio/Chem; Electrical/Computer; Civil/Mechanical/Other
- **Associate in Applied Sciences**
  Limited transfer options to Bachelor of Applied Sciences
There are three levels of professional/technical programs. These programs do not usually include courses transferable to a university.

**Associate in Arts (AA), Associate in Applied Science-T (AAS-T)**
- Very specific occupation-related program requirements
- Prepares students for employment
- 90 or more credits

**Certificate of Achievement**
- Emphasizes practical skills for employment
- Credits generally apply toward an AA degree
- 45 or more credits

**Certificate of Accomplishment**
- Less than 45 credits (usually)
- Targets specific job skills

**BC’s Continuing Education** – located at BC’s North Campus – offers non-credit classes and professional certification in fields such as business, computer technology, and health.
A current list of Bellevue College Bachelor degree options can be found [here](#).

Most of our current options require students to complete a professional/technical degree first.
Choose your program as soon as possible

Your program of study is a **critical** component of your financial aid - failure to complete your classes or complete your program in a timely manner may result in the loss of your aid. In addition, you may be asked to repay aid you received for classes taken outside your declared program of study requirements.

You can change your program any number of times, but you can only receive Financial Aid for credits up to 150% of your current degree (Ex: for a 90 credit degree, Financial Aid would cover up to 135 credits).
Admissions Process

- **Apply online** and pay the application fee.

Once you receive your **Student Identification number** (SID)

- Check **Enrollment Calendar** for important dates and deadlines for each quarter.
- Set Up Bellevue College **Email**
- Check your **Registration Access Time**.
- Take **English and Math Placement**
  - If you have completed 100-level English and/or math class you may not need to take the Placement
  - If you have *not* completed a 100-level English and/or math class, view **Testing Facts** for assessment policies and procedures.
- Check the **Class Schedule** to see the list of classes offered

- **Make an appointment with an Academic Advisor**
  - To discuss classes in which to register
  - To discuss classes that could transfer to a Bellevue College degree or certificate program.
  - Bring an unofficial transcript to your appointment.

*If you are planning to transfer non-BC credits, see the **Transfer Credit Review Process**.*
How many classes should I take

• To be “full-time” you need to take at least 12 credits
  • Most “full-time” students take 3 classes

• To be “part-time” you need to take 6-11 credits

• 1 credit = 1 hour you spend in class each week
• 1 typical college class = 5 credits

• Remember the 1,2,3 Rule!
  • For every 1 hour of class
  • Expect 2 hours of homework
  • Which equals a 3 hour time commitment

Note: A 15-credit schedule can take up 45 hours in your week.
Waitlist Registration

- If a class is full you can register for waitlist.
- You can only be on one waitlist at a time and cannot be on the same class waitlist if you are already registered in that class in a different section/time or day.
- It is not a guarantee you will get into a class from the waitlist (even if you’re #1 on the list!)
- Check the waitlist daily. You can view your waitlist status through Online Services
- If you are on a waitlist attend the first day of the class.
- How does it work?
How do I find classes?

1. First go to Bellevue College’s home page.
2. Select the “classes” tab from the top menu.
3. Choose the quarter that you will be registering for.
4. Choose the subject, i.e. Math or English
5. Scroll through the courses until you find the one you are interested in.
6. Make sure the class is not full.
7. Copy the item number (4 digit number) and paste in registration box (see video).
WATCH THE VIDEO TO LEARN HOW TO REGISTER FOR CLASSES
Prerequisites

If you need to take a course that has a prerequisite, for example ENG 201 requires that you have taken ENG 101, and you took ENG 101 at another college, you will need to do a prerequisite check.

Click here to find out how to verify completion of a prerequisite and how long it takes. This takes between 2-3 business days and requires an unofficial transcript to complete.

Remember if you want to graduate with a degree from Bellevue College you still need to complete a transcript credit review. Click here to find out how.
Sample Online Prerequisite Check

This is what the Online Prerequisite Check form looks like when you sign in.

(You need your BC email and Student ID number first)

Here you check off which class you are trying to get into.
Next, you will enter information from your unofficial transcript to show which classes from your other college will “clear” the prerequisite here at BC.

<table>
<thead>
<tr>
<th>Previous institution *</th>
</tr>
</thead>
<tbody>
<tr>
<td>Name of previous institution</td>
</tr>
<tr>
<td>______________________</td>
</tr>
</tbody>
</table>

Provide the course(s) you completed that meet the prerequisite requirement. The course(s) MUST be equivalent to the required BC course(s) and meet the minimum grade requirements. We are unable to make any exceptions. *

<table>
<thead>
<tr>
<th>Dept and course number (e.g. CHEM 139)</th>
<th>Course title (e.g. Fundamentals of Chemistry)</th>
<th>Qtr/Sem.</th>
<th>Number of credits</th>
<th>Grade received</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Finally, you can submit your unofficial transcript in 4 different ways:

- Upload transcript in PDF format to this form
- Email or submit to Enrollment & Registrar Services at a later time
- Fax transcript
- It is on file with Enrollment & Registrar Services

Submit
Transferring Credits to Bellevue College

- **Transfer course equivalencies** see how your credits transfer.

- **Planning to earn a Degree at BC** (requires official transcripts, complete and submit **Credit Evaluation** form to Enrollment Services). This takes ~3 months. Just sending your official transcript is not enough. Submit the credit evaluation form and your official transcripts.

- To receive a degree from Bellevue College you can only transfer 60 credits.
Once you have registered for classes make sure you know your tuition payment deadlines. If you do not pay in time you will be dropped from your classes.

Payment Plans

- Multiple payment options
- One quarterly enrollment fee $25
- Tip: The cost per credit is cheaper when you register for over 10 credits

Click here to find out the payment deadlines
Financing Your Education

✓ **Self Pay**
✓ **Bellevue College Tuition Payment Plan**
✓ **Veteran or dependent** using the GI Bill

4 important “things” to remember...

• Know when your tuition is due
• Create your BC email account and check it daily! All official BC communication will be sent to this address
• Schedule a follow-up advising appointment each quarter and bring your transcripts
• If you intend to complete a degree from Bellevue College request a credit review
Thank you!
