“Student and Faculty safety is the highest priority for Bellevue College Public Safety. Working together, we can ensure a positive and safe learning environment.”

- Ray White, VP Admin. Services

Emergency Management Tips

♦ Is your personal preparedness kit in order? If not, here is a link to make sure you are prepared: http://www.redcross.org/prepare/location/home-family

♦ New Emergency Procedures posters will soon be up all over campus. Please stop and take a minute to review one. The picture to the right is a sample of what they will look like.

♦ New AEDs have been installed around campus. Please click the link below to find the one closest to you: AED Map

Historical Note:

April was the month of the Pacific Northwest’s 1949 and 1965 earthquakes. In honor of that, and in the hopes that we will keep up the momentum on our earthquake preparedness and mitigation efforts, click the link below for a special report from the New York Times, published April 13th. Please watch the 11 minute video that accompanies the article. Then, more importantly, take some action.
